

MS. EKTA PATEL

Qualification: M.Sc. Nursing (Obstetrics & Gynecological Nursing); B.Sc. Nursing

Designation: Assistant Professor

Description: Ms. Ekta Patel is a dedicated nursing professional with eight years of academic experience and is currently serving as an Assistant Professor at the Institute of Nursing Sciences, Bhaikaka University, Karamsad.

She has completed her Master of Science in Nursing with a specialization in Obstetrics and Gynecological Nursing from Charotar University of Science and Technology, Changa. She has guided postgraduate nursing students in research studies and publications, thereby contributing to evidence-based practice and scholarly development in the nursing discipline.

Her academic interests include innovative teaching–learning methodologies and assessment strategies aimed at enhancing and evaluating students’ learning potential. She is actively involved in the Career Development and Placement Cell of Bhaikaka University, supporting students’ professional growth and career guidance.

Ms. Patel is trained in simulation-based education and has successfully completed the Onsite Skill Standardization and Simulation Training programme for strengthening midwifery faculty capacities in India, organized by the Indian Nursing Council in collaboration with UNFPA at the National Reference Simulation Centre.

In addition to her teaching and training responsibilities, she has contributed to the nursing profession through research publications in several reputable journals.
